

What is a Bespoke Custom Tailor Event?

Apsley's master tailors guide customers through the process of creating a suit that is cut and created just for them. They are there to help choose the ideal fabric and lend an expert hand for the perfect design and fit. Apsley's clothes are not made for just anyone; they are made exclusively for discerning customers through their choices. However, one thing each of Apsley's bespoke suits have in common: they all come with Apsley's legendary style, comfort, and service.

Following the success of similar events throughout the United States, we are pleased to announce that Apsley Tailors, Ltd. is returning for another American tour. Featuring exceptional craftsmanship and high end fabrics, Apsley covers every classic and modern suiting need in all manner of different styles, for both men and women. When guests arrive at their private 30-minute fitting, an Apsley tailor will guide them through every step of the custom process, from taking measurements to selecting styles and fabrics.

We are proud to offer this exciting opportunity and would love to confirm your commitment to offer this exclusive event to your organization and its extraordinary membership.

Please contact your host, **Kenny Markanich**, at kennym@apsleytailors.com to discuss details that best suit your club experience.
