

HAMILTON
EXECUTIVE
COACHING

Jared's executive coaching process leverages the power of the most validated Emotional Intelligence assessment tool in the world to have powerful sessions, leaving the client with clear action steps for growth. Whether its tackling imposter syndrome, growing confidence, or increasing social awareness and empathy, clients will have a targeted road map and plan to grow these crucial executive skills.

1

EQi 2.0 Leadership Assessment and 90-minute Executive Coaching Session.

*Best for participants re-testing or teams familiar with working with and developing their Emotional Intelligence and want to get a member assessed and up to speed with the team. **\$750***

2

90 Day Coach to Executive level EQ

*EQi 2.0 Leadership Assessment and three-month, bi-weekly Executive Coaching Sessions (6) to build executive presence, self-awareness, and the ability to 'read the room'. (Can be extended for up to six months if necessary) **\$1000/month.***

3

EQ360 Review Optional Add-on – Individual or Team

*EQi 2.0 Leadership Assessment and EQ360 Multi-rater review. Attack the blind spots! Involve direct reporting relationships, peers, family, friends, or other external contacts to give a 360-degree review on the client's emotional intelligence. **\$750 per client***

Bonus

Situational Talk or Text

*Situations requiring executive level intuitiveness never happened when you plan them. The 90 Day Coach plan **INCLUDES** up to 20 minutes of call or text time every week when the client needs to think through a situation where their executive presence is being called on.*

Jared is someone who "gets it" because he cares. Even more valuable is he knows how to coach others to "get it." If you are looking for an Executive Coach that understands the value of relationships and your time, look no further. If you are needing someone to help coach up your high potential leaders to get them to 'ready now', he knows what it takes and has the experience and success to show for it. **-Jimmy Staton, CEO - Santee Cooper**
